

Returns Form

If you do not have the returns card that was already included with your order, please print and fill in this form, and include it when returning any items to us.

Please consider the environment.

You do not need to print this form as well, if you already have a returns card.

We are unable to offer exchanges, so all returned items that are in an acceptable condition with the original tags included, will be refunded.

If you would like a different size, colour, or another product instead, please create a new order for this through our website.
